About the plan

The Agriculture Energy Investment Plan outlines the Victorian Government's commitment to partnering with industry to build a more resilient, energy efficient and internationally competitive agriculture sector.

The investment plan provides \$30 million to support enhancements to energy efficiency and energy productivity, helping to boost competitiveness and protect local jobs.

The plan is tailored to the needs of primary producers. It is open to farmers and businesses whose primary operation is in the agriculture sector.

The Agriculture Energy Investment Plan is open to farmers and businesses within the agriculture sector.

Powering the plan with the best independent advice

An Independent Advisory Panel has been established to help Agriculture Victoria design and implement the Agriculture Energy Investment Plan for best on-farm outcomes.

The panel will ensure that farmers are supported in energy efficient processes or technology investments that will help build a more energy efficient, adaptable and innovative agricultural sector.

Agriculture Victoria will keep working closely with industry and with energy experts, to ensure the Agriculture Energy Investment Plan continues to meet farmers' needs.

The panel members are:

- Mark Wootton, Chair – Jigsaw Farms Principal
- David Jochinke – Victorian Farmers Federation President
- Alan Pears AM – Senior Industry Fellow, School of Global, Urban and Social Studies, RMIT
- Natalie Collard – Renewable energy advocate and former Executive General Manager Clean Energy Council
- Adam Jenkins – United Dairyfarmers of Victoria President

What is the Agriculture Energy Investment Plan?

Energy is a significant cost for farmers. The Victorian Government is working to reduce the impact of higher energy costs on farm businesses through the \$30 million Agricultural Energy Investment Plan.

The plan supports agricultural businesses to reduce energy costs, improve energy efficiency and explore alternative energy options, helping to sustain Victoria's adaptable and internationally competitive agriculture sector.

The plan comprises:

- **Assessments** – providing on-farm energy assessments to assist farmers in identifying where they may reduce energy consumption
- **Grants** – to support farmers invest in energy efficient or own-generation technology within existing energy policy
- **Demonstrations** – showing energy efficient or own-generation technology on-farm
- **Skills and education** – linking farmers and businesses to information and education resources
- **Research** – facilitating partnerships to commercialise research for the farming sector.

The plan is a partnership between primary producers, agricultural groups, educational groups and government. It is funded by the government's [Agriculture Infrastructure and Jobs Fund](#) which supports projects that improve farm productivity, boost market access, grow exports and increase jobs.

关于计划

农业能源投资计划概述了维多利亚州政府致力于与工业界合作, 以建立一个更具弹性, 能源效率和具有国际竞争力的农业部门。

该投资计划提供3000万澳元用于支持提高能效和能源生产率 帮助提高竞争力和保护当地就业机会。

该计划是根据初级生产者的需求量身定制的。它对农业和企业开放, 其主要业务是农业部门。

农业能源投资计划向农业部门的农民和企业开放。

以最好的独立建议为计划提供动力

成立了一个独立咨询小组, 以帮助维多利亚州农业部设计和实施农业能源投资计划, 以实现最佳的农场结果。

该小组将确保农民得到能源效率过程或技术投资的支持, 这将有助于建立一个更加节能, 适应性强和创新的农业部门。

维多利亚州农业部将与工业界和能源专家密切合作, 确保农业能源投资计划继续满足农民的需求。

小组成员是:

- Mark Wootton, Jigsaw Farms校长
- David Jochinke - 维多利亚州农民联合会主席
- Alan Pears AM - RMIT全球, 城市和社会研究学院高级行业研究员
- Natalie Collard - 可再生能源倡导者和前清洁能源委员会执行总经理

什么是农业能源投资计划?

能源对农民来说是一笔巨大的成本。维多利亚州政府正在通过3000万澳元的农业能源投资计划, 努力减少能源成本上涨对农业企业的影响。

该计划支持农业企业降低能源成本, 提高能源效率和探索替代能源选择, 帮助维持维多利亚州适应性强和具有国际竞争力的农业部门。

该计划包括:

- 评估 - 提供农场能源评估, 帮助农民确定可以减少能源消耗的地方
- 赠款 - 支持农民在现有能源政策中投资节能或自有技术
- 示范 - 在农场展示节能或自有技术
- 技能和教育 - 将农民和企业与信息 and 教育资源联系起来
- 研究 - 促进伙伴关系, 使农业部门的研究商业化。

该计划是初级生产者, 农业团体, 教育团体和政府之间的伙伴关系。它由政府的农业基础设施和就业专项资金资助, 该基金支持提高农业生产力, 促进市场准入, 增加出口和增加就业机会的项目。

Regional Jobs Fund application guidelines

1. Context of the Regional Jobs Fund
2. Description and objectives of the fund
3. Application and assessment process
4. Conditions of funding

6. Lodgement of Applications

1. Context

1.1 Regional Jobs and Infrastructure Fund

The *Regional Jobs and Infrastructure Fund (RJIF)* is the Victorian Government's overarching regional development package. It focuses on major projects, employment and communities.

The RJIF has five strategic objectives:

1. create jobs of the future and diversify the regional employment base
2. improve productivity and enhance long-term competitiveness of regional Victoria through innovation and a transition to new growth opportunities
3. create the conditions for business growth by enhancing work force skills, providing enabling economic infrastructure and facilitating expansion into new markets
4. improve the liveability of our cities, centres and towns to attract and retain families and young people to live and work
5. enhance community capacity through collaboration, leadership development and regional planning.

The RJIF was established by the *Regional Development Victoria Act 2002* as a trust fund in the public account. The Act describes the activities for which the trust is to be applied:

- providing better infrastructure, facilities and services in rural and regional Victoria
- strengthening the economic, social and environmental bases of communities in rural and regional Victoria
- creating jobs and improving career opportunities in rural and regional Victoria
- supporting the development and planning of local projects in rural and regional Victoria.

Regional Development Victoria (RDV) will administer the RJIF's three programs:

- Regional Infrastructure Fund
- Regional Jobs Fund
- Stronger Regional Communities plan.

The Victorian Government will invest in six high potential, high value sectors to drive Victoria's economic growth including:

- food and fibre
- professional services
- new energy technology
- medical technology, life sciences and healthcare
- transport, defence and construction technology
- international education

1.2 Purpose of these guidelines

This sets out the application guidelines for the *Regional Jobs Fund (RJF)* component of the RJIF.

2. Description and objectives of fund

2.1 Regional Jobs Fund

The primary aim of the Regional Jobs Fund (RJF) is to facilitate job creation and retain existing jobs. It is targeted at assisting regional businesses to grow their workforce, expand markets and create jobs of the future. It will attract and facilitate investment with a focus on regional competitive advantage or high-growth potential businesses and will help diversify the regional employment base. The fund aims to improve regional capacity and to innovate and capitalise on the potential of emerging industry sectors and new export markets.

The RJF will provide support for strategic projects and infrastructure through the following program streams:

- Investment Attraction
- Innovation and Productivity
- Market Access
- Employment Precincts
- Skills Development

2.2 Program streams

The objectives of each program stream are described below.

2.2.1 Investment Attraction

This program stream aims to attract and facilitate investment in new and existing businesses in regional Victoria. It also focuses on regional competitive advantage and high-growth potential businesses and opportunities that create new jobs or retain existing jobs in regional Victoria.

The program will be flexible to industry needs, but also targeted towards supporting activities that deliver an identified business growth opportunity. This includes footloose investment attraction, investment in facilities expansion and strategic industry investment planning.

2.2.2 Innovation and Productivity

This program stream aims to improve the productivity of regional industries and businesses to ensure the long-term sustainability of employment and business growth in regional locations.

It will provide funding for the adoption of new technology and innovative processes, as well as equipment that drives more efficient use of assets and greater supply chain integration.

This program stream will support activities linked to business innovation or commercialisation of technology. It will also provide support for collaboration between industry clusters and research centres that strengthen supply chains and competitiveness.

2.2.3 Market Access

This program stream aims to grow regional export potential and access to new markets for business and industry groups. It will support investments, projects and activities that provide more comprehensive engagement with new markets, domestically and abroad. It will also provide funding to support industry development, capability building, strategic export development planning and targeted industry cluster development projects for new markets.

This program stream includes the [Food Source Victoria](#) initiative.

2.2.4 Employment Precincts

This program stream aims to boost the capacity of new and existing regionally significant employment precincts (e.g. CBDs, health, education, innovation, industrial and special purpose precincts). It will provide funding to support the development or enhancement of land and facilities that generate greater job density and more productive industry clustering. This includes enabling infrastructure that facilitates long-term investment and jobs creation in a precinct by a foundation business or an anchor tenant.

2.2.5 Skills Development

The Regional Skills Fund is a targeted, place-based grant program driven by industry in partnership with the tertiary sector. This program stream aims to support regional business skills development and capability to ensure long-term sustainability of employment and industry growth. Priority will be given to strategic, whole-of-sector, new and innovative approaches to skills and workforce development that make a significant impact. The fund will support regional projects that improve business productivity; increase workforce and training participation and support disadvantaged groups as part of a long-term, strategic approach for meaningful career-based employment.

2.3 Activities that will generally not be funded

The following activities will generally not be considered for funding:

- projects primarily to meet regulatory requirements
- requests for retrospective funding where projects have been completed or have commenced prior to receiving funding approval
- ongoing operating costs or salary subsidies except where a salary subsidy provides administrative and project management support for business and industry clusters networks
- purchase of land
- projects undertaken by the private sector as a result of a government contract
- projects requiring full funding where funding is normally provided from state, commonwealth or local government sources
- projects requiring ongoing funding from the Victorian Government once completed
- projects without the potential for a sustained net increase in regional employment and economic activity.

Refer to specific program stream guidelines for further information on funding eligibility.

2.4 Who can apply

Applications will be considered from:

- private sector businesses and agencies
- business and industry groups including:
 - chambers of commerce and business associations
 - industry peak bodies
 - business and industry clusters and networks
- local government authorities
- government agencies
- not-for-profit organisations and community groups that:
 - are an incorporated body, cooperative or association
 - have an Australian Business Number (ABN) or can provide written advice from the Australian Tax Office that no withholding tax is required from the grant payment
- higher education and private training institutions
- regional organisations e.g. regional strategic planning alliances.

Individuals are not eligible to apply.

2.5 Definition of rural and regional Victoria

Rural and regional Victoria is defined as the 48 local government areas including six alpine resort areas set out in Schedule 2 of the *Regional Development Victoria Act 2002*.

The 10 regional city local government areas are Ballarat, Greater Bendigo, Greater Geelong, Greater Shepparton, Horsham, Latrobe, Mildura, Wangaratta, Warrnambool and Wodonga. The remaining 38 local government areas including six alpine resort areas are referred to as the rural local government areas.

2.6 Funding support

2.6 Funding support

Applicants are expected to make a financial contribution or source third-party funding. Projects should maximise their funding support from a range of sources including commonwealth/ local government, community, private sector and regional organisations.

Priority may be given to projects that are considered investment ready.

3. Application and assessment process

To ensure the suitability of projects, all applicants will need to go through the following four-step process.

Step 1: Prior to application

Prior to submitting a formal application, applicants are advised to:

- read these application guidelines and the information sheet of the relevant RJF program stream carefully to establish eligibility
- discuss the proposed project with your local RDV office
- read the terms and conditions for the funding offered.

Applicants should note that projects may not proceed to the formal application and assessment process where the project:

- can potentially be implemented through another government funding program, and if appropriate, applicants may be referred to this funding program
- does not relate to the program stream of the RJF
- does not strongly demonstrate economic benefits
- is not implementation ready
- is not strongly aligned to state or regional priorities
- does not strongly demonstrate a need
- does not present good value to the state or maximise funding support from other sources.

An RDV officer will help you determine your project's potential suitability, before an application form is completed.

Step 2: Prepare an application

Applicants should use the application to clearly and succinctly describe the project by detailing: the challenge or opportunity it is looking to address; the objectives; the desired outcomes; the outputs to be delivered; and any resource requirements. Documentation to support the project such as a feasibility study, business plan, letter of support should be attached to the application.

GST

Applicants should note that all project costs included in the application must be exclusive of GST. The grant to be paid by RDV will be 'grossed up' by the amount of GST, provided the applicant provides details of registration for the GST, or proof of exemption from being required to register.

Who signs the application?

Applications from local government authorities must be signed by the Chief Executive Officer. Applications from other parties must be signed by the Chief Executive Officer (or equivalent).

Core RJF criteria

The primary aim of the RJF is to facilitate job creation and therefore assessment criteria are weighted towards quantifiable economic development benefits. In preparing the application, applicants will be asked to provide relevant supporting documents to demonstrate the project's ability to address each of the following criteria:

- a. direct economic development benefits
- b. additional economic development benefits
- c. social and environmental benefits
- d. alignment with state and regional priorities and demonstrated project need
- e. demonstrated project feasibility and delivery
- f. financial viability
- g. maximising value to the state.

Applicants will also be asked to demonstrate the project's ability to address program stream specific criteria, which will be provided prior to the application.

a) Direct economic development benefits

Applications should demonstrate clearly how the proposed project will:

- result in investment and an increase in gross value add (turnover/sales minus cost of sales) or potential future industry growth
- create or retain sustainable employment or create an increased potential for future employment
- produce additional regional exports or replace imports
- generate long-term benefits that remain after funding has ceased.

Applications that can demonstrate how projects will contribute to long-term benefits will be looked at more favourably than those that have short term impacts.

b) Additional economic development benefits

Applications should demonstrate clearly how the proposed project:

- creates indirect employment (e.g. construction, supply chain jobs)
- builds on identified regional competitive advantage
- complements and creates incentive for other investments to occur in the region (e.g. through industry spill-overs or creation of critical mass)
- supports the integration of the region into global markets
- delivers innovation and productivity benefits (e.g. through the introduction of a new technology; the enhancement of the local skills base; the introduction of new management techniques; a reduction in the relative cost of inputs; or raising the value of outputs).

c) Social and environmental benefits

Applications should demonstrate clearly how the proposed project:

- has relevant community and industry support
- is consistent with environmentally sustainable development
- supports inclusive growth
- provides additional social and environmental benefits (e.g. addresses the impacts of climate

• provides additional social and environmental benefits (eg. addresses the impacts of climate change on the economy, environment and community).

d) Alignment with state and regional priorities and demonstrated project need

Applications will need to identify how the project aligns with the relevant regional strategic plan and any relevant state government policies (e.g. high growth sectors as identified in the Victorian Government's Back to Work plan).

e) Demonstrated project feasibility and delivery

Applications should clearly demonstrate:

- that all regulatory requirements including land tenure, planning and environmental issues have been identified and resolution strategies are in place to the satisfaction of RDV
- access to suitable project management in both the developmental and operational phases of the project
- that project risks have been identified and strategies are in place to manage them.

Financial modelling/budgeting for proposed projects is required to be submitted.

f) Financial viability of proponent

Applicants will be asked to provide copies of annual reports and audited financial statements covering the last three years with their application. This will enable RDV to assess the financial viability of the applicant and their ability to manage and complete the project.

Note: Victorian Government agencies, statutory authorities and publicly funded education institutions are exempt from a financial risk assessment

g) Maximising value to the state

Applications should demonstrate how the project provides a good value proposition to the state and also provide evidence of how the project maximises funding support from a range of sources, including commonwealth and local governments, community, private sector and regional organisations.

Step 3: Assessment process

Applications will undergo a two-stage assessment process. The first stage involves determining the eligibility of the proposed project by assessing the project's ability to meet the core RJF and relevant program stream criteria. The first stage will also consider key risks and issues associated with the project.

All applications within the RJF will be forwarded to the Back to Work Investment Committee of the Department of Economic Development Jobs, Transport and Resources (DEDJTR) for assessment prior to consideration by relevant Ministers including the Minister for Regional Development.

Step 4: Approval process

The Minister for Regional Development, in consultation with relevant Ministers, will consider the advice received from the Work Investment Committee and determine whether or not to approve the application.

In the case of applications seeking funding of \$5 million or more, the Victorian Treasurer's authorisation is also required.

4. Conditions of funding

4.1 Funding agreements

Successful applicants will be required to enter into a funding agreement with RDV, detailing all funding obligations and conditions.

The funding agreement is a legally enforceable document that clearly defines the obligations of both parties. The funding agreement aims to protect the Victorian Government's interests and the efficient and effective use of public money. It also ensures there is appropriate recognition of Victorian Government support in project-related publications, media releases and promotional material.

Funding agreements must be signed by the organisation's Chief Executive Officer (or equivalent) and will:

- describe the purpose for which the funding must be used
- set out any requirements or conditions that must be met prior to the payment of a grant instalment
- outline agreed milestones and project outcomes that must be achieved before payment of a grant instalment.

Once the funding agreement has been signed, the applicant will be required to actively manage and deliver the project, and provide progress reports to RDV. During the course of the project, RDV may conduct site visits as necessary.

In some instances, based on project size, complexity and the amount of funding being provided, a project control group (or equivalent) may need to be established with regular meetings and reports. RDV may be either a participant or observer in these meetings.

Successful applicants must enter into a funding agreement and commence the project within one year from the date of the funding offer. If a project does not commence within this timeframe, the grant will be reviewed by RDV.

4.2 Evaluation and reporting

Successful applicants will be required to cooperate fully with an evaluation which is undertaken either during or after completion of the project. Successful applicants will also generally be required to submit progress and completion reporting, assess progress of the project against milestones, outputs and outcomes, and provide evidence of project completion.

After completion of the project, applicants must submit annual evaluation reports assessing the project's success in meeting its stated objectives, outputs and outcomes. These evaluation reports may be required for up to three years following completion of the funded project.

Successful applicants may be required to contribute information on project outcomes, including longer-term impacts beyond project completion, for use in program evaluation reviews and RDV marketing materials. It is the responsibility of successful applicants to put in place adequate collection arrangements to capture the appropriate data in relation to outputs and outcomes. These arrangements will assist RDV to undertake a robust evaluation of the RJIF.

4.3 Competitive neutrality

All successful applications to the RJIF from a government body, including local government authorities and government agencies will be required to comply with the Competitive Neutrality Policy Victoria, in respect of any commercial goods or services offered by the body as a result of the grant.

4.4 Privacy

Any personal information about you or a third party in your application will be collected by RDV, a statutory body within the Department of Economic Development, Jobs, Transport and Resources (DEDJTR) for the purpose of grant administration. This information may be provided to other Victorian Government agencies for the purposes of assessing your application. If you intend to include personal information about third parties in your application, please ensure they are aware of the contents of this privacy statement. The Department's privacy policy is available from economicdevelopment.vic.gov.au/privacy

Any personal information about you or a third party in your correspondence will be collected, held, managed, used, disclosed or transferred in accordance with the provisions of the *Information Privacy Act 2000 (Vic)* and other applicable laws. DEDJTR is committed to protecting the privacy of personal information. Enquiries about access to information about you held by DEDJTR are available from economicdevelopment.vic.gov.au/privacy

4.5 Acknowledgement

Successful applicants need to acknowledge the Victorian Government's support through the provision of a grant from the RJIF. Promotional guidelines form part of the funding agreement and include the requirement that all activities acknowledge Victorian Government support through logo presentation on any activity-related publications, media releases and promotional material.

A Victorian Government-endorsed sign must also be placed at the site of infrastructure activities. Successful applicants must liaise with RDV to coordinate any events or announcements related to the activity. Successful applicants may be required to contribute information on activity outcomes for use in communications materials.

5. Contact details of regional offices

Applicants requiring further information should contact your local RDV office or email: rdv@rdv.vic.gov.au

区域就业基金申请指南

1. 区域就业基金的背景
2. 基金的描述和目标
3. 申请和评估过程
4. 资金条件
5. 联系方式
6. 申请寄存

1. 背景

1.1 区域工作和基础设施基金

该**地区就业和基础设施基金 (RJIF)** 是维多利亚州政府的总体区域的开发包。它侧重于重大项目，就业和社区。

RJIF有五个战略目标：

1. 创造未来的就业机会，使区域就业基础多样化
2. 通过创新和向新的增长机会过渡，提高生产力并提高维多利亚州的长期竞争力
3. 通过提高劳动力技能，提供有利的经济基础设施和促进向新市场的扩张，为业务增长创造条件
4. 改善我们的城市，中心和城镇的宜居性，以吸引和留住家庭和年轻人的生活和工作
5. 通过合作，领导力发展和区域规划提高社区能力。

RJIF由2002年“**维多利亚州区域发展法**”设立，作为公共账户中的信托基金。该法案描述了信托适用的活动：

- 在维多利亚州农村和地区提供更好的基础设施，设施和服务
- 加强维多利亚州农村和地区社区的经济，社会和环境基础
- 在维多利亚州农村和地区创造就业机会并改善就业机会
- 支持维多利亚州农村和地区的地方项目的开发和规划。

Victoria Development (RDV) 将负责管理RJIF的三个项目：

- 区域基础设施基金
- 区域就业基金
- 更强大的地区社区计划。

维多利亚州政府将投资六个高潜力，高价值的部门，以推动维多利亚州的经济增长，包括：

- 食物和纤维
- 专业的服务
- 新能源技术
- 医疗技术，生命科学和医疗保健
- 运输，国防和建筑技术
- 国际教育

1.2 本指南的目的

这列出了RJIF **区域工作基金 (RJF)** 组成部分的应用指南。

2. 基金的描述和目标

2.1 区域就业基金

区域就业基金 (RJF) 的主要目标是促进创造就业机会和保留现有就业机会。它旨在帮助区域企业发展劳动力，扩大市场并创造未来的就业机会。它将吸引和促进投资，重点关注区域竞争优势或高增长潜力业务，并将有助于使区域就业基础多样化。该基金旨在提高区域能力，创新和利用新兴工业部门和新出口市场的潜力。

RJF将通过以下计划流为战略项目和基础设施提供支持：

- 投资吸引力
- 创新和生产力
- 市场准入
- 就业区
- 技术发展

2.2 计划流

每个计划流的目标如下所述。

2.2.1 投资吸引力

该计划流旨在吸引和促进对维多利亚州区域新业务和现有业务的投资。它还关注区域竞争优势和高增长潜力业务以及创造新就业机会或保留维多利亚地区现有就业机会的机会。

该计划将灵活适应行业需求，但也旨在支持提供已确定的业务增长机会的活动。这包括自由投资吸引力，设施扩张投资和战略性行业投资规划。

2.2.2 创新和生产力

该计划流旨在提高区域工业和企业的生产力，以确保区域地区就业和业务增长的长期可持续性。

它将为采用新技术和创新流程提供资金，以及推动资产更有效利用和更大供应链整合的设备。

该计划流将支持与业务创新或技术商业化相关的活动。它还将为加强供应链和竞争力的产业集群和研究中心之间的合作提供支持。

2.2.3 市场准入

该计划流旨在增加区域出口潜力，并为商业和工业集团进入新市场。它将支持投资，项目和活动，提供更全面的参与国内和国外新市场。它还将提供资金支持行业发展，能力建设，战略性出口发展规划和针对新市场的目标产业集群发展项目。

该节目流包括[Food Source Victoria](#) 倡议。

2.2.4 就业区

该计划流旨在提高新的和现有的区域重要就业区（例如CBD，健康，教育，创新，工业和特殊用途区）的能力。它将提供资金支持土地和设施的开发或改善，从而产生更大的工作密度和更高效的产业集群。这包括支持基础设施，促进基础业务或主要租户在区域内的长期投资和创造就业机会。

2.2.5 技能发展

区域技能基金是一个有针对性的，以地方为基础的拨款计划，由工业界与第三产业合作推动。该计划流旨在支持区域业务技能开发和能力，以确保就业和行业增长的长期可持续性。将优先考虑产生重大影响的战略性，整体部门，新的和创新的技能和劳动力发展方法。该基金将支持提高企业生产力的区域项目；增加劳动力和培训参与，并支持弱势群体，作为有意义的职业就业的长期战略方法的一部分。

2.3 通常不会获得资助的活动

以下活动通常不会考虑用于资助：

- 项目主要是为了满足监管要求
- 项目已经完成或在获得资金批准之前已经开始的追溯资金申请
- 持续运营成本或工资补贴，除非工资补贴为商业和产业集群网络提供行政和项目管理支持
- 购买土地
- 由政府合同产生的私营部门项目
- 需要全额资助的项目，通常由州，联邦或地方政府来源提供资金
- 完成后需要维多利亚州政府持续资助的项目
- 没有可能持续净增加区域就业和经济活动的项目。

有关资助资格的更多信息，请参阅具体的计划流指南。

2.4 谁可以申请

申请将从以下方面考虑：

- 私营部门的企业和机构
- 工商业团体包括：
 - 商会和商会
 - 行业峰值机构
 - 商业和产业集群和网络
- 当地政府当局
- 政府机构
- 非营利组织和社区团体：
 - 是一个合并的机构，合作社或协会
 - 有澳大利亚商业号码（ABN）或可以提供澳大利亚税务局的书面建议，即无需缴纳预扣税
- 高等教育和私立培训机构
- 区域组织，例如区域战略规划联盟。

个人没有资格申请。

2.5 维多利亚州农村和区域的定义

维多利亚州农村和地区被定义为48个地方政府区域，包括2002年“[维多利亚州区域发展法](#)”附表2中列出的六个高山度假区。

10个区域城市地方政府区域是巴拉瑞特，大本迪戈，大吉朗，大谢珀顿，霍舍姆，拉特罗布，米尔杜拉，旺加拉塔，瓦南布尔和沃东加。其余38个地方政府区域，包括六个高山度假区，被称为农村地方政府区域。

2.6 资金支持

申请人需要提供财务捐助或提供第三方资金。项目应最大限度地从各种来源获得资金支持，包括联邦/地方政府，社区，私营部门和区域组织。

可以优先考虑投资准备好的项目。

3. 申请和评估过程

为确保项目的适用性，所有申请人都需要经过以下四个步骤。

第1步：申请之前

在提交正式申请之前，建议申请人：

- 请仔细阅读这些应用指南和相关RJV计划流的信息表，以确定是否符合资格
- 与您当地的RDV办公室讨论拟议的项目
- 阅读所提供资金的条款和条件。

申请人应注意，项目可能不会进入项目的正式申请和评估过程：

- 可以通过另一个政府资助计划实施，如果合适，申请人可以参考这个资助计划
- 与RJV的节目流无关
- 没有强烈证明经济利益
- 没有准备好实施
- 与州或地区优先事项没有很强的一致性
- 没有强烈证明需要
- 没有给国家带来好的价值或者最大化其他来源的资金支持。

在申请表完成之前，RDV官员将帮助您确定项目的潜在适用性。

第2步：准备一份申请表

申请人应使用该申请通过详细说明：明确和简洁地描述项目：它要寻求的挑战或机会；目标，期望的结果；要交付的产出；和任何资源要求。应用程序应附有支持项目的文档，如可行性研究，业务计划，支持信。

GST

申请人应注意，申请中包含的所有项目费用必须不包括GST。如果申请人提供商品及服务税的注册详情或免除注册证明，RDV将支付的赠款将由商品及服务税“累计”。

谁签署申请？

地方政府机构的申请必须由首席执行官签署。其他方的申请必须由首席执行官（或同等人员）签署。

核心RJF标准

发展基金的主要目的是促进创造就业机会，因此评估标准的重点是可量化的经济发展效益。在准备申请时，将要求申请人提供相关的证明文件，以证明项目能够满足以下每个标准：

- a. 直接的经济效益
- b. 额外的经济效益
- c. 社会和环境效益
- d. 与州和地区优先事项保持一致并证明项目需求
- e. 证明了项目的可行性和交付
- f. 财务可行性
- g. 最大化国家价值。

申请人还将被要求证明项目能够解决计划流特定标准，该标准将在申请之前提供。

a) 直接的经济效益

申请应清楚地说明拟议项目将如何：

- 导致投资和总增加值（营业额/销售额减去销售成本）或潜在的未来行业增长
- 创造或保持可持续就业或增加未来就业的潜力
- 产生额外的区域出口或替代进口
- 在资金停止后仍然产生长期利益。

能够证明项目如何有助于实现长期效益的应用将比那些具有短期影响的应用更有利。

b) 额外的经济效益

申请应清楚地说明拟议项目如何：

- 创造间接就业（例如建筑，供应链工作）
- 以确定的区域竞争优势为基础
- 补充并激励该地区发生的其他投资（例如通过行业溢出或创造临界质量）
- 支持该地区融入全球市场
- 提供创新和生产力效益（例如，通过引入新技术，提高当地技能基础，引入新的管理技术，降低投入的相对成本，或提高产出价值）。

c) 社会和环境效益

申请应清楚地说明拟议项目如何：

- 有相关的社区和行业支持
- 符合环境可持续发展
- 支持包容性增长
- 提供额外的社会和环境效益（例如，解决气候变化对经济，环境和社区的影响）。

d) 与州和地区优先事项保持一致，并证明项目需要

申请将需要确定项目如何与相关的区域战略计划和任何相关的州政府政策（例如维多利亚州政府的“重返工作岗位”计划中确定的高增长部门）保持一致。

e) 展示项目可行性和交付

申请应清楚地证明：

- 已确定所有监管要求，包括土地使用权，规划和环境问题，并制定解决方案以便RDV满意
- 在项目的开发和运营阶段获得合适的项目管理
- 已经确定了项目风险，并制定了管理这些风险的战略。

需要提交拟议项目的财务建模/预算编制。

f) 支持者的财务可行性

申请人将被要求提供过去三年的年度报告和经审计的财务报表副本。这将使RDV能够评估申请人的财务可行性及其管理和完成项目的的能力。

注：维多利亚州政府机构，法定机构和公共资助的教育机构免于财务风险评估

g) 最大化国家价值

应用程序应证明项目如何为国家提供良好的价值主张，并提供项目如何最大化来自各种来源（包括英联邦和地方政府，社区，私营部门和区域组织）的资金支持的证据。

第3步：评估过程

申请将进行两阶段评估。第一阶段涉及通过评估项目满足核心RJF和相关计划流标准的能力来确定拟议项目的资格。第一阶段还将考虑与项目相关的主要风险和问题。

RJF内的所有申请将转交给经济发展部就业，运输和资源部（DEDJTR）的返回工作投资委员会进行评估，然后由相关部长（包括区域发展部长）审议。

第4步：批准过程

区域发展部长将与相关部长协商，审议工作投资委员会提出的建议，并确定是否批准申请。

如果申请寻求500万美元或以上的资金，维多利亚州司库的授权也是必需的。

4. 资金条件

4.1 资金协议

成功申请者将被要求与RDV签订融资协议，详细说明所有融资义务和条件。

资助协议是一份法律上可执行的文件，明确规定了双方的义务。资助协议旨在保护维多利亚州政府的利益以及公共资金的有效利用。它还确保在与项目有关的出版物，媒体发布和宣传材料中适当承认维多利亚州政府的支持。

资金协议必须由该组织的首席执行官（或同等机构）签署，并将：

- 描述必须使用资金的目的
- 列出在支付分期付款之前必须满足的任何要求或条件
- 概述在支付分期付款之前必须达成的既定里程碑和项目成果。

一旦签署了资助协议，申请人将被要求积极管理和交付项目，并向RDV提供进度报告。在项目过程中，RDV可以根据需要进行实地考察。

在某些情况下，根据项目规模，复杂程度和提供的资金数额，可能需要建立一个项目控制组（或同等机构），定期举行会议和报告。RDV可以是这些会议的参与者或观察者。

成功申请者必须在资助要约之日起一年内签订资助协议并启动项目。如果项目未在此时间范围内开始，则该项拨款将由RDV审核。

4.2 评估和报告

成功申请者将被要求与项目完成期间或之后进行的评估充分合作。成功的申请人通常还需要提交进度和完成报

告，评估项目进度与里程碑，产出和结果，并提供项目完成的证据。

项目完成后，申请人必须提交年度评估报告，评估项目是否成功实现其既定目标，产出和成果。在资助项目完成后，这些评估报告可能需要长达三年的时间。

成功申请者可能需要提供有关项目成果的信息，包括项目完成后的长期影响，以用于项目评估审核和RDV营销材料。成功的申请人有责任制定适当的收集安排，以获取与产出和结果有关的适当数据。这些安排将有助于RDV对RJIF进行可靠的评估。

4.3 竞争中立

政府机构（包括地方政府机构和政府机构）对RJIF的所有成功申请都必须遵守维多利亚州的竞争中立政策，因为该机构提供的任何商业产品或服务均由该机构提供。

4.4 隐私

RDV是经济发展，就业，运输和资源部（DEDJTR）内的法定机构，用于拨款管理，将收集有关您或您申请中的第三方的任何个人信息。这些信息可能会提供给其他维多利亚州政府机构，以便评估您的申请。如果您打算在申请中包含有关第三方的个人信息，请确保他们了解本隐私声明的内容。该部门的隐私政策可从 economicdevelopment.vic.gov.au/privacy 获得。

根据“2000年信息隐私法”（Vic）和其他适用法律的规定，将收集，保存，管理，使用，披露或转让您在通信中的任何个人信息。DEDJTR致力于保护个人信息的隐私。有关获取DEDJTR有关您的信息的查询，请访问 economicdevelopment.vic.gov.au/privacy。

4.5 致谢

成功的申请人需要通过提供RJIF的资助来承认维多利亚州政府的支持。促销指南是资助协议的一部分，包括要求所有活动通过任何与活动相关的出版物，媒体发布和宣传材料的徽标介绍来承认维多利亚州政府的支持。

维多利亚州政府认可的标志也必须放在基础设施活动现场。成功申请者必须与RDV联络，以协调与活动相关的任何事件或公告。成功申请者可能需要提供有关用于通信材料的活动结果的信息。

5. 区域办事处的联系方式

需要进一步信息的申请人应联系您当地的RDV办事处或发送电子邮件至：rdv@rdv.vic.gov.au

6. 申请的提交

完成的申请应提交至：

Food Source Victoria Grants

Contents

- [Planning Grants](#)
- [Growth Grants](#)

Planning Grants

Planning Grants support farmers, growers, processors and manufacturers to work together to grow their businesses. This may involve other supply chain partners in developing ideas about how to add value to agricultural produce sourced from regional Victoria.

Funding will help engage independent, skilled advisers to test the feasibility of these ideas, explore growth opportunities and develop a growth plan with clear actions.

A growth plan will lead to an application for a growth grant to kick start actions to drive growth and jobs – a key outcome of Food Source Victoria.

A previous successful planning grant: Central Highlands grain growers

Awarded a Food Source Victoria planning grant

A group of grain growers in the Central Highlands of Victoria is looking at the potential of converting waste from their crops into something of value.

A project backed by FSV will look at the feasibility of using straw for bio-energy fuel and other purposes.

A business case will then be undertaken, potentially leading to construction of a \$3 million straw pellet plant near Lismore.

Straw is considered a waste product of cropping, and is usually mulched or burned by farmers.

Converting straw to energy already occurs in Europe so the project will assess whether it is possible to do something similar under Australian conditions.

Additional contributions are being made by a group of growers, Cultivate Agribusiness Central Highlands, the Pyrenees Shire Council and the City of Ballarat in multi-pronged support for the project.

"For every tonne of grain that is produced there is about a tonne of straw, and here we can get eight tonne crops, so there is a lot of straw that could be put to use." – Colin Fraser, Member of the farmer group.

Growth Grants

Applicants who receive a Food Source Victoria Planning grant and developed a Growth Plan can apply for a Growth Grant to support the actions in that plan. Applicants can also apply for a Growth Grant if they have an existing equivalent plan.

A wide range of activities will be considered. Projects should address supply chain issues that present barriers to growth or to export development. Projects that maintain alliances and are catalysts to innovative activities will be given priority.

Your existing plan can substitute for a Food Source Victoria Growth Plan if it:

- covers your whole partnership
- describes the structure of your partnership
- identifies the key resources and capabilities of your partnership
- identifies at least one strategically attractive market
- analyses the competitive forces at play within the target market(s)
- identifies the actions your partnership will need to take to leverage its competitive strengths and overcome or mitigate its weaknesses to address competitive threats and capitalise on opportunities in its target market(s)
- provides a timeline and budget to implement these actions
- provides an assessment of risks associated with implementation, and an appropriate strategy to manage them.

规划补助金

Planning Grants支持农民, 种植者, 加工商和制造商共同合作以发展他们的业务。这可能涉及其他供应链合作伙伴, 就如何为来自维多利亚州的农产品增加价值提出想法。

资金将帮助独立, 熟练的顾问参与测试这些想法的可行性, 探索增长机会并制定具有明确行动的增长计划。

增长计划将导致申请增长补助金以启动行动以推动增长和就业 - 这是Food Source Victoria的一个关键成果。

以前成功的规划补助金: 中部高地粮食种植者

获得Food Source Victoria计划拨款

维多利亚州中部高地的一群粮食种植者正在研究将农作物废弃物转化为有价值的东西的可能性。

由FSV支持的项目将研究将秸秆用于生物能源燃料和其他目的的可能性。

随后将开展商业案例, 可能导致在利斯莫尔附近建造一座价值300万美元的秸秆颗粒工厂。

秸秆被认为是种植的废弃物, 通常被农民覆盖或焚烧。

将秸秆转化为能源已经在欧洲发生, 因此该项目将评估是否有可能在澳大利亚条件下做类似的事情。

一群种植者, 培育农业综合企业中央高地, 比利牛斯郡政府和巴拉瑞特市正在为该项目提供多方面的支持。

“每生产一吨谷物就有大约一吨的秸秆, 在这里我们可以获得8吨的作物, 所以有很多可以投入使用的稻草。” - Colin Fraser, 农民小组成员。

增长补助金

获得食物来源维多利亚州规划拨款并制定增长计划的申请人可以申请增长补助金, 以支持该计划中的行动。申请人如果有现有的等效计划, 也可以申请增长补助金。

将考虑广泛的活动。项目应解决供应问题, 这些问题会对增长或出口发展构成障碍。维持联盟并成为创新活动催化剂的项目将得到优先考虑。

如果以下情况, 您现有的计划可以替代维多利亚食品来源增长计划:

- 涵盖整个合作关系
- 描述了你的伙伴关系的结构
- 确定合作关系的关键资源和能力
- 确定至少一个具有战略吸引力的市场
- 分析目标市场中的竞争力
- 确定您的合作伙伴关系需要采取的行动, 以利用其竞争优势, 克服或减轻其弱点, 以应对竞争威胁, 并利用其目标市场的机会
- 提供实施这些行动的时间表和预算
- 提供与实施相关的风险评估, 以及管理这些风险的适当策略。

以前成功的增长补助金: Gippsland Natural Meats

获得FSV规划补助金和增长补助金

Gippsland Natural Meats是一家垂直整合的肉类公司, 代表一群农民销售乾质草饲牛肉。

它是最早认识到自由放养, 草饲生产系统生产的牛肉品牌力量的团体之一, 以环境认证和澳大利亚肉类标准评级为基础。

Gippsland Natural Meati通过维多利亚州的高端屠夫出售, 并提供更优质的餐厅。它还提供大型体育赛事, 如澳大利亚公开赛, 阿提哈德体育场和墨尔本公园。

Business Energy and Water Program

Rebates of up to \$5,000* are available to eligible ACT businesses wanting to upgrade to more water-efficient and energy-efficient technologies, including with lighting, appliances, heating or cooling, refrigeration, insulation, toilets and tapware.

Through the rebates, the Business Energy and Water Program helps commercial businesses lower operating costs by reducing water and energy. This, in turn, helps the ACT lower greenhouse gas emissions.

To find out more, call 13 22 81 or email businessenergy@act.gov.au

To qualify for rebates of up to \$5,000 under the Actsmart Business Energy and Water Program, businesses need to:

- * be operating in the ACT
- * have electricity bills of up to \$20,000 per year and/or
- * employ a maximum of 10 full-time equivalent staff.

If your business qualifies, the ACT Government will cover half the cost (up to \$5,000*) of upgrades to more sustainable systems for lighting, appliances, heating or cooling, refrigeration, insulating, toilets and tapware.

It's easy to get started in the Actsmart Business Energy and Water Program. Simply complete this straightforward, two-page [Registration Form PDF \(121.0 KB\)](#).

If accepted, an Actsmart energy assessor will:

- * conduct an overview of energy and water use in your business
- * provide a detailed action plan with recommended energy and water improvements.

Once you have implemented recommended improvements, you can claim back 50 per cent (up to \$5,000*) of your capital outlay on these improvements.

You will then receive a certificate of participation and recognition as an Actsmart business, allowing you to promote your environmentally responsible stance to staff, customers and suppliers.

So start today by completing the Registration Form. Return it by email to: businessenergy@act.gov.au or post it:

TechVouchers encourages research collaboration between NSW small-to-medium enterprises (SMEs) and [Boosting Business Innovation Program](#) (BBIP) delivery partners.

Through TechVouchers, SMEs can be connected with an expert in a relevant field of research and embark on an innovative joint research project. The program also enables access to high tech instruments and facilities that would otherwise be difficult to access.

TechVouchers will be awarded on a competitive basis to eligible NSW companies for amounts up to \$15,000. All funding must be matched in cash by the SME.

Priority is given to companies that:

- have not engaged with universities or other public sector research organisations in the past
- have not been working with research organisations for more than two years
- have an existing relationship with a research organisation and can demonstrate that receiving a TechVoucher will result in transformative improvement in the existing collaboration.

(28) 西澳大利亚州创新优惠券项目介绍

Innovation Vouchers Program

The Innovation Vouchers Program is an initiative of the State Government's New Industries Fund, which assists SMEs to commercialise their ideas and innovations and expand to create jobs.

About the Program

The Innovation Vouchers Program can provide your small to medium enterprise (SME) with the financial boost it needs to access professional skills, services or knowledge, enabling you to advance your idea or commercial activity in Western Australia.

The WA Government recognises that SMEs have great ideas, but that taking these ideas and turning them into new and sustainable business opportunities with real commercial outcomes can be difficult.

The Innovation Vouchers Program is designed to assist innovators overcome some of the barriers on the path to commercialisation. It aims to catalyse new relationships between SMEs, research providers and specialist commercialisation support services, or to move tentative collaborations into a productive relationship.

APPLICATIONS OPEN 27 FEBRUARY 2019

Objectives

In accordance with the New Industries Fund, the Innovation Vouchers Program objectives are to:

- Stimulate the WA SME sector by supporting innovation initiatives;
- Decrease the commercialisation gap;
- Activate industry-government-research collaborations;
- Increase research and development (R&D) investment into WA; and
- Promote job creation and economic diversification in WA.

The purpose of the Innovation Vouchers Program is to:

- Help develop new or enhanced commercially-ready products or services;
- Establish prototypes, processes or systems to attract additional investment; and
- Address a particular technical problem that cannot be solved by the applicant, or for which the solution is not readily available.

The program allows for funding up to \$20,000 vouchers to be awarded to eligible SMEs. Recipients will need to provide a net cash co-investment at a rate of at least 20:80 applicant-to-State Government funding.

Funding applications must fall under one of the Innovation Vouchers Program eligible expenditure categories:

- Research and Development
- Product Development
- Technology Transfer and Intellectual Property
- Commercialisation Support Services

Export Accelerator

Export Accelerator Grants provide up to \$30,000 to small and medium sized businesses to access new global markets through marketing and export development opportunities. This is available to businesses that have exhausted or are not eligible for other funding streams. Applicants must use the Emerging Export Grant first, if eligible, and the project is suitable.

This is a competitive program that is awarded based on the merit of applications.

Applicants can receive the grant if they meet all of the core program eligibility criteria, additionally, an applicant must also:

- Not be eligible for the Emerging Exporter category or the New Market Entry category
- Have an annual turnover between \$100,000 and \$15 million
- Be a registered South Australian business
- Have an ABN and be registered for GST
- Have been actively trading for at least 24 months
- Have a tradeable, export-ready good or service that is made in South Australia (refer to page 13 of the SAEA Program Guidelines).
- Be able to enter into a legally binding funding agreement with the South Australian Government
- Be willing to provide information and data, including financial information as required
- Be able to commit and contribute 1:1 matched funds towards the proposed costs
- Provide at least two sets of recent full financial statements prepared in accordance with Australian Accounting Standards, inclusive of but not limited to a Balance Sheet and Profit and Loss Statement that reflect the previous two years of business.

If successful, An Export Accelerator Grant will only cover eligible costs incurred up to six months prior to, and 12 months following the closing date of the round in which the application is submitted.

Applicants may be sole traders, companies and trusts.

As part of your application you will need to upload:

- An export plan of no more than 15 pages with details of your business export expansion or growth plans, including (but not limited to) a description of your business, your product/service, export market selection, market entry strategy, breakdown of costs, project milestones, and an explanation of how your business will create new jobs and/or increase export revenue
- Your two most recent sets of full financial statements prepared in accordance with Australian Accounting Standards, inclusive of but not limited to a Balance Sheet and Profit and Loss Statement that reflect the last two years of business
- Projections, budget or cashflow forecast for the next 12 months.

PLEASE NOTE:

- Application progress cannot be saved and re-visited at a later time

Resource Productivity Assessments

A Resource Productivity Assessment aims to identify opportunities for improving your business operations by making it more efficient, saving resources (materials, water, energy), preventing waste and increasing productivity, all of which can help reduce operating costs and improve business performance and profitability.

Eligibility

Applicants must:

- hold an SA Water volume and load based trade waste discharge authorisation.

OR

- be a commercial business operating in South Australia that can provide evidence of generating and discharging trade waste at levels above or within 20% of the following volume and load-based thresholds (at least one threshold must have been met continuously since 1 January 2015 on a 12 month rolling average basis):
 - 10 tonnes Biological Oxygen Demand (BOD) or Suspended Solids (SS) per year
 - 20 tonnes Total Dissolved Solids (TDS) per year
 - 10 ML volume per year

OR

- be licensed under Section 6 – Food production and Animal and Plant Processing of South Australia's Environment Protection Act 1993 (refer to Application Guidelines for details).

To be eligible for grant funding, a Resource Productivity Assessment must:

- identify opportunities for improving the way trade waste (commercial and industrial wastewater) is managed to reduce volume and/or improve the quality discharged to sewer or by other means
- relate trade waste improvements to other aspects of your businesses such as operational and materials efficiency, energy and water efficiency, and solid waste management
- prioritise improvement recommendations giving consideration to your business' economic and environmental sustainability, considering payback and return on investment, and impacts to the trade waste discharge environment
- be delivered by a member of the [Preferred Supplier List](#), and in accordance with the Resource Productivity Assessment Guidelines.

资源生产力评估

资源生产力评估旨在通过提高业务运营效率，节约资源（材料，水，能源），防止浪费和提高生产力来确定改善业务运营的机会，所有这些都助于降低运营成本，提高业务绩效和盈利能力。

合格

申请人必须:

- 持有SA水量和基于负荷的贸易废物排放许可。

要么

- 是一家在南澳大利亚经营的企业，能够提供产生和排放贸易废物的证据，其水平高于或低于以下数量和基于负荷的阈值的20%（自2015年1月1日起必须至少连续达到一个门槛）12个月滚动平均值）：
 - 每年10吨生物需氧量（BOD）或悬浮固体（SS）
 - 每年20吨总溶解固体（TDS）
 - 每年10 ML体积

要么

- 根据第6部分 - 南澳大利亚州食品生产和动植物加工法1993年环境保护法获得许可（详情请参阅申请指南）。

要获得资助，资源生产力评估必须:

- 确定改善贸易废物（商业和工业废水）管理方式的机会，以减少排放量和/或提高排放到下水道的质量或通过其他方式
- 将贸易废物改进与业务的其他方面联系起来，例如运营和材料效率，能源和水效率以及固体废物管理
- 优先考虑改善建议，考虑您的企业的经济和环境可持续性，考虑投资回报和投资回报，以及对贸易废物排放环境的影响
- 由**首选供应商列表**的成员提供，并符合资源生产力评估指南。

3. Policy Objective and/or Purpose of the subsidy

The AgriGrowth Concessional Loan Scheme is an initiative of the Tasmanian Government providing low interest loans to Tasmanian farm businesses and agri-food businesses. It supports projects that advance the Government's Agrivision 2050 plan, which aims to increase the value of the agriculture and agri-food sectors in Tasmania.

4. Background and Authority for the subsidy

The Loan Scheme provides financial assistance to Tasmanian farm businesses and agri-food businesses, where the majority of business is conducted in Tasmania. Eligible purposes include:

- developing an innovative agribusiness initiative that has a long lead time until income is generated;
- starting a new enterprise or expanding an existing enterprise; or
- implementing Productivity or Value Enhancement Activities;

that otherwise could not be brought forward and/or financed under normal banking arrangements.

5. Form of the subsidy

Low interest rate loan.

6. To whom and how the subsidy is provided

To eligible Tasmanian farmers who must be able to demonstrate capacity to repay the loan in five years or through successfully obtaining commercial refinance.

7. Level of subsidy per unit

Funding provided during 2015/2016 and 2016/2017 financial years is summarised in the following table.
